#### The REAL MEANING of Education

Mr. Brij Mohan

Mr. Shyam Mohan  
Gupta

Mr. ManMohan  
Gupta

Mr. Sandeep  
Mehta

Dear Students & Friends

As students, you all know about the competition that exists in today's world and how preparation is becoming more and more methodological. Success is not only determined by hard work but also by right guidance. Your teachers and parents would be providing you the necessary guidance timely, we would also like to share the "Mantras of Real Education" in your life.

"Education is to help you realize your own potential rather than imitating others" It is very important for you to decide your career option and this should solely be made by you, understanding your interests and keeping in view the suggestions and experience of your respected parents and elders.

"Without hard work, nothing grows but weeds" You have to put in the organized effort, blended with passion and enthusiasm. Since competition is already high, you need to put in at least 2-3 hours of study on a school day while 8 hours of study on a holiday.

"Education is to make you more joyful; not to make you stressful and jealous" When you make the right choice, you naturally give your heart and soul to your mission and this will bring happiness and joy in your life. You have to realize that competition from peers has to be taken up in a healthy way. This will bring the best in you rather than making you jealous of them. You should compete with yourself, not with others. The way to conquer the competition is simply dedicated effort from your body and soul.

"Success and failure are relative and time bound" During your course of preparation, you will experience success as well as encounter failure. Failures have to be taken up as an opportunity to improve and not as a reason for getting irritated and frustrated. This will deviate you from your mission and will dilute your efforts made till date. Only when you conquer your fear of failure, success would become inevitable.

"The real meaning of Education" Education does not mean just to collect information and knowledge and be successful in your career but to understand its real application to make the world a beautiful place for everyone, be it nature, living or non-living beings.

You all are founding pillars of our nation and your efforts will determine where we all stand in the near future. We sincerely request all youngsters to ponder over the above points. Hope this would help you in realizing your dreams and goals.

We pray to the Almighty for your success and cheerfulness throughout your life.

Best regards

Brij Mohan, Shyam Mohan, Man Mohan and Sandeep

# TRADITION OF SUCCESS

*Vidyamandir...*

*Guiding students and setting  
the standards for learning for  
more than three decades*

---

Over the years, the name  
**Vidyamandir Classes  
(VMC) has become  
synonymous with  
success in JEE Advanced,  
JEE Main, NEET & other  
Engineering entrance  
exams.**

Vidyamandir has not only designed, delivered, innovated and perfected the art of teaching, but has also guided its students eventually helping them to realise their dream career.

With each passing year, the number of candidates appearing in JEE Main, Advanced, NEET & other competitive exams like BITSAT, VITEEE increases against the available intake, thereby increasing the already fierce competition. Succeeding in such competitive environment requires planned preparation and strategy, through proper guidance and mentoring by experts in the arena.

We, at Vidyamandir Classes work with the students, carefully understanding their abilities and Subject knowledge, and then teach them to bring them to the required level where they can outshine their peers and realise their dream. VMC believes in following and imparting the “Real meaning of education”, as outlined by our Founders and provides an environment to all our students which not only help them learn well but also inspire them to recognise and explore their own potential.

All the Founders of VMC are Ex-IITians, who are pioneers in the JEE Test prep space and have mentored & helped thousands of students realise their dream of getting into the IITs and other Top Engineering colleges in India. **Till date, all the founders teach and are actively involved in the day to day activities of Academics and Operations.**

The fact that more than 1 lakh students appeared for the VMC National Admission cum Scholarship tests for limited seats on offer in the last Academic session 2020-21 is ample testimony to VMC's popularity and credence within the JEE aspirant's community.

Vidyamandir Classes started over as a small institute in 1986, with a very limited intake and with a vision to

ensure all its students make it to the IITs. Credited with many "FIRSTS" in the Test prep space. Newer courses and centres were added timely, but only after it was properly ensured that VMC lives up to its standards and commitment of personal attention and proper learning environment.

## **The Founders and management of Vidyamandir Classes have always held to the fact that growth is important, but only when you can live up to the standards set for education.**

This is the reason Vidyamandir Classes grows optimally so as to carry our legacy of commitment and pride ourselves in not being an Assembly line of education.

Vidyamandir Classes offers a complete range of courses to students based on their location and requirements. All courses are based on the time tested teaching methodology which has been perfected by VMC and which has produced unmatched results in IITJEE consistently for more than 30 years. For a complete list of courses being offered at VMC, please refer to the Contents section at the beginning of this brochure.

Vidyamandir is credited with formalizing the IITJEE entrance coaching and bringing about many "FIRSTS" in this education segment, the innovations which others follow.....

1990

In 1990, VMC was the first IIT-JEE coaching institute to introduce an admission and talent screening test for prospective students.

1992

In 1992, VMC took the lead in recognizing the need for organized and comprehensive study material, which was perfectly synchronized with the classroom sessions and was the first institute to introduce completely cohesive and scientifically designed course material for its students.

1995

In 1995, VMC introduced a unique course called The Final Step (FS) which was a revision course for IIT-JEE preparation. This Course was intended to provide a comprehensive revision, just before the final exam. Subsequently this course has been merged with our two year Regular Classroom Course.

2007

VMC was the first IIT-JEE coaching institute to introduce computer based feedback and analysis to students based on their performance in tests conducted by VMC. In 2007, VMC introduced online assessment for its students. The VMC online testing platform is to this day, one of the most advanced, unique and effective assessment platform available in the country.

2008

In 2008, VMC introduced a unique Correspondence Course which is for the first time in India, combined High Quality Printed Study Material, Online Tests, Automated Analysis & Benchmarking of student's performance and online doubt clearing functionalities.

2011

VMC introduces the School Integrated Program in 2011.

2015

In 2015, VMC started VSAT classroom courses.

2017

In 2017, VMC introduced Online courses cum self-study packages.

# VMC PEDAGOGY

## For JEE Courses

### STUDY MATERIAL

In 1992, VMC recognised the need for organized and comprehensive study material, which was perfectly synchronized with the classroom sessions. Thus VMC became first institute to introduce completely cohesive and scientifically designed course material for its students.

VMC provides a comprehensive set of study material to all its students, which is scientifically prepared to ensure comprehension of even the most difficult topics. It includes well designed layouts, innovative explanations, simple examples and other research-proven techniques of study material presentation. Each key concept is explained using carefully chosen questions with stepwise solution, which explains the core application of the concept.

The study material at VMC is revised every year and covers every aspect of each topic, making it completely self-sufficient. So much is our confidence in our study material, that we consciously ask our students to rely solely on VMC material, and not consult any other book or guide. We regularly upgrade our course material with appropriate modifications to meet the changing pattern and syllabus of the IITJEE every year.

The Study material primarily consists of Modules and Workbooks. Modules are designed to cover the Theory portion of JEE Advanced and JEE Main, as per the latest pattern and syllabus of each year. Workbooks are provided to assist preparation for Boards/School & other Engineering entrance exams.

Modules form the primary part of the VMC Study material and each module is divided into chapters. Each chapter is then further divided into two sections, as explained here:-

#### DETAILED THEORY PORTION

This part explains the core concepts in a very simple and easy manner with the help of illustrations and helps in building a strong foundation for the students.

#### SOLVED EXAMPLES & IN-CHAPTER EXERCISES

This part illustrates the applicability of the theoretical concepts. Accurate and thorough explanations are provided to ensure students internalize the core concepts. Each step in the solved examples is carefully and systematically explained, to show students how to attempt a particular problem.

#### SCHOOL/BOARD NOTES

Exhaustive notes on Economics, English and Computer Science are provided to students to help them in their schools in Class XII, besides notes on Chemistry, Physics and Maths.

#### OTHER ENGG. ENTRANCE EXAMS MATERIAL

A comprehensive set of Previous year exams and Practice papers is provided to students for various exams like BITSAT, VITEEE and the like, to make sure all our students land up in great colleges.

#### FINAL STEP

Intended to provide a comprehensive revision just before the final exam and designed carefully by the founders of VMC, this section includes Revision package for JEE Main & JEE Advanced, Home Practice tests & Test series for JEE Main & JEE Advanced, All India Mock tests.

### WORKBOOKS

VMC was the first to introduce completely cohesive and scientifically designed course material (Modules) for its students. Recently, it has developed a new concept called "Workbooks". In this newly introduced "Workbooks", the conceptualisation and designing has been done in such a way that the student practices more and more to master the art of perfection as we at VMC firmly believe that "Practice Brings Perfection".

In VMC, we follow a simple philosophy, where students are expected to study the basic concepts on their own before coming to the class. The teacher then takes the concepts in detail and also gives homework to practice problems from the workbook. The exercises of these workbooks have been

prepared chapter wise. Each chapter consists of various levels of Daily Tutorial Sheets (DTS) based on degree of difficulty. Numerous new questions have also been added in each chapter of the workbook for more enhanced practice.

## CLASSROOM SESSION

---

At Vidyamandir, teaching is not merely a profession. It is a dedication to help students succeed in JEE Advanced, JEE Main and other engineering exams, and also to create a passion for scientific discovery and logical thinking which would help them succeed in all aspects of life.

The academics at VMC are powered by the Founders themselves, together with a 200+ team of highly qualified JEE experts, who are typically ex-IITians and icons of the

industry. No doubt, a few minutes of classroom coaching at Vidyamandir is equivalent to hours of self-study required by the students otherwise. Difficult concepts are presented in such a form that students find them very simple and easy to comprehend.

Classroom sessions are complemented and synchronised with the study material, which in itself is self-complemented and complete in every aspect.

## TEST SERIES

---

The very nature of JEE Advanced, JEE Main or any other Engineering entrance exam is such that it demands perfect performance on the D-day. No matter how well you prepare, you need to give your best shot on the Exam day. Leaving nothing to chance, VMC takes its students through multiple exams, in exact Mock conditions to ensure the students don't get psyched out by anything on the D-day.

Objective exams have one thing peculiar, "Approach to attempt". There are questions meant to be left and questions meant to be attempted. To this, there is also a

way to attempt, unique to every individual. To help VMCians, various Test patterns on different formats and levels are given to the students to make sure they develop their own Test taking approach and pull the maximum scores.

Multiple categories of tests viz Class tests, Online tests, Chapter tests, HRTs, JEE-Main, JEE-Advanced, BITSAT, VITEEE & others are provided to the students during their course. The Testing and Analytics part is handled by Vidyamandir's TEST ENGINE, which was started in 2007 and is one of the most powerful & comprehensive Testing platforms in the country.

# VMC eLEARNING SYSTEM

VMC's e-learning system is a state of the art platform, which empowers learning over the Web and Android Apps. It allows delivery of content through Ebooks, Videos, Exercises and Tests, and allows students to learn "On the Go"(works without internet). The e-learning system helps students in knowing the Topics where they are weak and need to concentrate their learning. It also

**helps them revise on their own, anytime, anywhere using the huge bank of questions VMC has developed over the years.**

The system helps teachers focus their teaching and delivery, by assessing the student's learning curve and suggesting topics where students are not performing optimally. In addition, it allows students and teachers to be in touch all around the clock, through Discussion rooms in the Apps.

In addition to assisting the students and teachers, the system also provides Apps for parents, which can be readily used to analyse the performance of their wards and get in touch with teachers, if required.

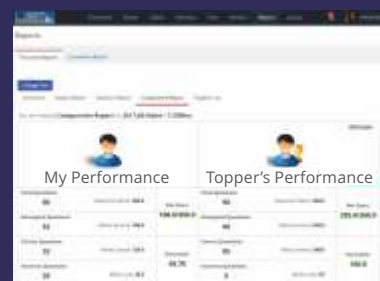

The e-learning system has an integrated Testing and Analytics engine, which is one of the most powerful assessment engines in the country. This engine takes the students through multiple tests, to ensure that all students can face the various combinations possible in the pattern of the examination, and develop their own Test taking approach to excel in the final exam.

## LEGACY PROGRAM

# 1 Year Course

For 12<sup>th</sup> Pass & 12<sup>th</sup> Studying Students

IITJEE 2022

The Course first builds on the Class XII Curriculum, followed by a quick revision module of the important concepts of Class XI. The course then builds on IITJEE specific modules and extensive testing, evaluation and analysis.

**CLASS SCHEDULE:** 12<sup>th</sup> Pass: 4-5 days & 16-20 hours per week | 12<sup>th</sup> Studying: 3-4 days & 12-14 hours per week

## STUDY CONTENT

**Complete Study Material : (6 Modules + 6 Workbooks per subject)** - VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics. The study material covers every aspect of each topic and is completely self-sufficient. Along with modules and workbooks, **class 12<sup>th</sup> studying students** will get **Specially Designed CBSE Board Notes and Compendium**.

## KEY FEATURES

### For 12<sup>th</sup> Pass Students

- ▶ This course covers topics relevant from the class 11<sup>th</sup> & 12<sup>th</sup> syllabus that are important from IITJEE prospective. First the fundamentals and then application of fundamentals is taught so that the student can face difficult topics with ease.

### For 12<sup>th</sup> Studying Students

- ▶ Divided in two phases -The First phase focuses on the syllabus of Class XII followed by review classes on XII syllabi of JEE (Advanced), JEE (Main) & (second phase) Crash Revision of XI.

### For 12<sup>th</sup> Pass & 12<sup>th</sup> Studying Students

- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the actual IITJEE and are held at multiple Test Centres providing a real Exam-like experience to the students.
- ▶ Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.

*\*12<sup>th</sup> Pass students will have extra teaching and testing hours*

## PRACTICE

- ▶ 8 - Regular JEE Main Tests
- ▶ All India test Series
- ▶ 2 - Regular JEE Advanced Tests
- ▶ Detailed Test Analysis
- ▶ 10 JEE Main Mock Tests + 5 Advanced Mock tests (Full Syllabus)
- ▶ Personalized performance Dashboard

## LEGACY PROGRAM

# 2 Year Course

**Illuminati** Classroom Course

**IITJEE 2023**

Illuminati course is an initiative taken by Vidyamandir Classes for producing Top Rankers, it has achieved a success rate of more than 90% in IITJEE since 1st year of its inception. The course is a two-year rigorous course, in which classes are conducted by the three founders of VMC, along with their Core team who have been teaching and producing some of the best results in India for more than decades. All students in this course are bound to excel in some of the most tough competitive exams for Engineering entrance in the world. Selection in this course is exclusively based on merit secured in the national level tests of VMC

**CLASS SCHEDULE** : 12 hours / week

### STUDY CONTENT

**Complete Study Material (6 Modules + 6 Workbooks per subject) plus Specially designed CBSE board notes & compendium**

The content for this course has been designed by the Founders + Core Team, reaped from their decades of experience. The content is supremely selective, from the various Workshops, International and National books and other preparatory material available in the JEE Test prep industry.

The study material covers every aspect of each topic and is completely self-sufficient.

### KEY FEATURES

**Specialized workshops** are conducted for students in the course, to move them up the ladder of hard work and effort. These workshops have concentrated sessions on problem solving, concepts and fundamental applications to problems, which are core of the JEE Advanced and JEE Main exams.

**APT (ADVANCED PRACTICE TESTS)** - The level of questions in APTs outperform the level of questions which are asked in real JEE, so that the students can develop high order thinking and can crack the exams with ease.

**Unmatched Peer group** - The peer group in the course is some of the best brains of VMC. This exposes the student to the healthiest competition, where they get motivated by hard work and success.

**Specially Designed Class Tutorial** sheets are also being distributed/discussed regularly in the class which have higher level questions to enhance application skills of the students.

### PRACTICE

- ▶ 15 - Regular JEE Main Tests
- ▶ All India test Series
- ▶ 5 - Regular JEE Advanced Tests
- ▶ Detailed Test Analysis
- ▶ 10 JEE Main Mock Tests + 5 Advanced Mock tests (Full Syllabus)
- ▶ Personalized performance Dashboard

## LEGACY PROGRAM

# 2 Year Course

SuperX / Super / Scholar Batch

IITJEE 2023

The **SuperX batch** represents select small group of students, who are given extensive training to get top ranks in IITJEE. The pace and progress of the SuperX course is higher as compared to the other classroom courses.

The **Super/Scholar Batch**, earlier known as the Extended Classroom course (ECC) was started in 2006. It has become one of the most sought after course for Engineering aspirants. The results of the course have been very heartening and bear testimony to VMC's commitment to giving the best possible guidance and learning environment to its students. This is a two-year rigorous course, in which all classes are conducted by the faculties trained by the founders who have been teaching and producing some of the best results in India for a long time.

**CLASS SCHEDULE** : 12 to 14 hours per week, total 1000 hours of classroom teaching

## STUDY CONTENT

**Complete Study Material (6 Modules + 6 Workbooks per subject) plus Specially designed CBSE board notes & compendium** - VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics. The study material covers every aspect of each topic and is completely self-sufficient.

## KEY FEATURES

- ▶ Content by Founders - highly experienced faculty (most of them are IITians), peer group of students, same pedagogy as Illuminati batch, limited batch size
- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.
- ▶ Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the actual IITJEE and are held at multiple Test Centres providing a real Exam-like experience to the students.
- ▶ This course is designed to explain concepts and fundamentals in a way which is easy to comprehend by the students. Post this, application of concepts to practical situations and to complex problems is introduced, followed by Tests and discussion.
- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.
- ▶ Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the actual IITJEE and are held at multiple Test Centres providing a real Exam-like experience to the students.

## PRACTICE

- ▶ 15 - Regular JEE Main Tests
- ▶ All India test Series
- ▶ 5 - Regular JEE Advanced Tests
- ▶ Detailed Test Analysis
- ▶ 10 JEE Main Mock Tests + 5 Advanced Mock tests (Full Syllabus)
- ▶ Personalized performance Dashboard

## LEGACY PROGRAM

# 2 Year Course

School Integrated Program (SIP)

IITJEE 2023

Initiated in the year 2011, the School Integrated Program provides best of both the worlds, complete preparation of School/Boards together with JEE Advanced, JEE Main & other Engineering entrance exams, all by the teachers of VMC in its associated schools. This saves the time spent twice over the same topic, one in the school and the other in the Coaching center. It also aligns the syllabus with your school, to make sure everything goes synchronised.

### ASSOCIATED SCHOOLS

Indraprastha International School  
Dwarka, Delhi

Delhi Public School Ghaziabad  
Meerut Road, U.P.

MM Public School  
Pitampura, Delhi

DLF Public School  
Ghaziabad, U.P.

Doon Intl. School (Riverside Campus)  
Dehradun, Uttarakhand

H.A.L. School  
Korwa, Amethi

Silver Bells Pubic School  
Shamli, U.P.

PSBB Millennium School  
OMR, Chennai

**CLASS SCHEDULE** : 5 days & 20 hours per week during school hours, Total 1600 hours of classroom teaching

The three primary subjects to be tested viz Physics, Chemistry and Math are handled by the teachers of Vidyamandir Classes, the rest two are taken care of by the School teachers. The power of the program also lies in the fact that it leaves the weekends of the students for self-study and homework given by VMC and School teachers, and also saves the precious Travel time from home to Coaching center.

### COURSE STRUCTURE

- ▶ Program covered in 6 phases
- ▶ Single program, comprehensive Study material with necessary Supplements
- ▶ Common tests across all centres of VMC
- ▶ Mock Board Test papers
- ▶ Regular Test series (TS) for developing Exam temperament and Test taking approach
- ▶ Regular Feedback sessions
- ▶ Dedicated Operations Team for anytime feedback, in addition to periodic PTMs

### BENEFITS TO THE STUDENTS

- ▶ Students enrolling in this program will have an integrated & synchronised study plan.
- ▶ The studies for both Boards as well as JEE Advanced, Main and other Engineering entrance exams will be controlled and executed by VMC.
- ▶ Student would not go through two separate schedules and classes for the same subject. There will be one class each of Physics, Chemistry and Mathematics that will take care of both the fronts.
- ▶ Complete Lab and other support will be provided to the students.
- ▶ School Integrated Program would provide thrust for participation in co-curricular activities and sports, which are important for the overall personality development.

### VMC AND SCHOOL WILL ALSO AIM FOR

- ▶ Proficient & confident communication ability for each & every student.
- ▶ Inculcating sports / exercises as a discipline for physical fitness which will help students throughout their life.
- ▶ Improvement of memory & IQ, mental, physical & spiritual well-being, awareness & growth with intensive yoga & meditation for each student.

Hostel facility also available at selected locations

# NEET Mein Jeet Pakki!

**VMC** Ki Guarantee\*

**Crack NEET OR Get FEE Refund with Success Guarantee program(SGP).**

SGP is the first of its kind program started by VMC to guarantee students of success in Medical competitive exam - NEET.

VMC takes pride in the quality of its academic delivery and this program gives assurance to students and their parents that once a student gets enrolled in VMC their success is guaranteed. This gives VMC a chance to continuously challenge the status quo and improve further.

We are proud to say this is the First Program that guarantees success in NEET in India!

**TOP\*** SELECTION RATE

## 6 POINT EDGE

Rigorous Academic delivery from best in class faculty

In-depth automated performance analysis for improvement

Study material crafted by experts and access to tech resources

Pedagogy that is scientifically proven and refined through experience

Focused and high-quality Peer Group for conditioning on high competition

Exceptional Track record of success that speaks for itself

\*T&C Apply

## LEGACY PROGRAM

# 1 Year Course

For 12<sup>th</sup> Pass & 12<sup>th</sup> Studying Students

NEET 2022

### 12<sup>TH</sup> PASS STUDENTS

This course is specifically designed for students who are passing 12<sup>th</sup>, who have appeared in NEET earlier but did not qualify or want to improve their rank to get the college of their choice. In this course, students get to learn all the methods and tricks mandatory to crack NEET. The entire 2 year syllabus of class 11<sup>th</sup> & 12<sup>th</sup> will be covered with proper depth for each concept. Number of teaching hours and mock tests will be more as compared to other 1 year course.

### 12<sup>TH</sup> STUDYING STUDENTS

The course is one year medical for the students moving in class 12<sup>th</sup> in 2021 who will appear for NEET in the year 2022. The pedagogy of the course will be such that the students who have joined after class 11<sup>th</sup> will be benefited. Class 12<sup>th</sup> syllabus will be completed first as the students have to appear in Board exams in 2022. Once we complete the syllabus of class 12<sup>th</sup>, we will start revision of class 11<sup>th</sup> through specially designed revision material followed by revision of class 12<sup>th</sup>. The students will also be getting all India test series to benchmark their preparations. This will ensure robust preparation for NEET 2022.

**CLASS SCHEDULE:** 4 days/week – 16 hours, Total 576 hours of Classroom Teaching

*12<sup>th</sup> Pass students will have extra teaching and testing hours*

## STUDY CONTENT

**Complete Study Material (6 Modules)** - VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics. The study material covers every aspect of each topic and is completely self-sufficient. Along with modules and workbooks, **class 12<sup>th</sup> studying students** will get **Specially Designed CBSE Board Notes and Compendium**.

## KEY FEATURES

- ▶ This is an unified course in which students are taught in a systematic way, based on the pattern of NEET along with Class XII Board examination.
- ▶ Every topic is supported by a group of conceptual problems designed to give comprehensive understanding to the subject & improved speed through practice.
- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.
- ▶ Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the actual NEET and are held at multiple Test Centres providing a real Exam-like experience to the students.

## PRACTICE

- ▶ 10 - Monthly Online Tests
- ▶ 40 - Weekly Tests
- ▶ Personalized performance Dashboard
- ▶ All India test Series
- ▶ Detailed Test Analysis

## LEGACY PROGRAM

# 2 Year Course

Regular Classroom Course

NEET 2023

VMC's 2 Year Regular Classroom Course for NEET (2021-2023) helps you to delve into the core concepts while helping you have a deeper understanding of the subjects. The course supports you in discussing and clarifying your infinite doubts anytime, any day, anywhere. The regular classroom course for Medical Division will run on the same lines and pedagogy as the highly successful IITJEE division in VMC

**CLASS SCHEDULE:** 4 days & 16 hours/week, Total - 1280 hours of classroom teaching

## STUDY CONTENT

### Complete Study Material (6 Modules)

VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics. The study material covers every aspect of each topic and is completely self-sufficient.

## KEY FEATURES

- ▶ Extensive Classroom Sessions - Comprehensive and Integrated Study Material - Learning through Discussions - Testing & Assessment System based on National Level Bench-marking
- ▶ PERSONAL ATTENTION TO EVERY STUDENT
- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.
- ▶ Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the NEET and are held at multiple Test Centres providing a real Exam-like experience to the students.

## PRACTICE

- ▶ 20 - Monthly Online Tests
- ▶ 80 - Weekly Tests
- ▶ Personalized performance Dashboard
- ▶ All India test Series
- ▶ Detailed Test Analysis

# FOUNDATION

ARE YOU IN **CLASS IX** OR **X**, PLANNING TO BECOME AN ENGINEER/DOCTOR AND STRUGGLING WITH THIS QUESTION?

## SHOULD PREPARATION

FOR JEE MAIN, JEE ADVANCED, NEET AND OTHER ENGINEERING ENTRANCE EXAMS

**START IN CLASS IX OR X?**

Given the intensity of competition in today's time, an early start is indispensable. Ideally, one should start the preparation for Engineering / NEET entrance exams while in Class IX but in case you could not, it is advisable for you to start preparing from Class X. There are many advantages of starting early.

- ▶ There is a significant rise in the complexity and quantity of the course curriculum of Class XI as compared to Class X or Class IX. A determined, passionate and hardworking student has a lot of time to spare in Class X or Class IX, which if preparations for Engineering / NEET entrance exams are ON, is put to correct use. Starting preparations early helps you develop the right pace and temperament, which is extremely necessary for success.
- ▶ An early START is an early END. You will finish your course for the Engineering / NEET entrance exams early and this leaves you with plenty of time to go through the various patterns and combinations of questions asked in the examination. Knowing the concepts and fundamentals is one thing, but then putting them to use while solving questions, which typically will be very complex in exams like JEE Main, JEE Advanced & NEET is an art which has to be mastered. Early start gives us that precious time to master this forte.
- ▶ Early start would allow you to see the various exams and understand the testing pattern of competitive exams. An early start enables you to practice more questions and would enhance your comfort level in various Engineering / NEET entrance exams.
- ▶ Starting early, you would be able to spread the entire course over a longer duration, thereby having more time for detailed and deeper understanding of the concepts. All this would help you in effective and efficient utilization of time.
- ▶ Early start would also open opportunities for additional learning and exam avenues like NTSE, Olympiads, KVPY and other prestigious examinations.

In nutshell, clearing Engineering / NEET entrance exams require you to thoroughly understand the core concepts and practice rigorously. Our 3 year and 4 year Foundation courses have been so designed that they cater to the needs of such early-starters who want to take the lead by starting early and benefit from the advantages and merits of these courses. Start Early ..... Be ahead in the race.

## NEEV PROGRAM

# 3 Year Course

## FOUNDATION

IITJEE / NEET 2024

The key to success in Engineering / Medical entrance exams lies in building and reinforcing basic fundamentals and concepts. In this course, not only will a student start building a strong foundation, but it will also give the student enough time to learn and practice the core concepts as the course is spread over a longer duration which makes the learning process smoother and stress free, resulting in better outcome.

### CLASS SCHEDULE

3 days & 12 hours/week, Total 480 hours of classroom teaching in 1st year and varies from second year onwards depending on the stream (JEE/NEET)

### STUDY CONTENT

#### Complete Study Material (2 Modules per subject)

Modules for Science (Physics, Chemistry & Biology), Maths, S.Studies and MAT

VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics.

The study material covers every aspect of each topic and is completely self-sufficient.

### KEY FEATURES

- ▶ Building the foundation in core concepts and fundamentals in Science and Math
- ▶ Developing the analytical and reasoning ability of the students  
Specialized focus and classes will be conducted for exams like **NTSE & various Olympiads**
- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.  
Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the actual competitive exams and are held at multiple Test Centres providing a real Exam-like experience to the students.

### PRACTICE

- ▶ 6 - Review Tests
- ▶ All India test Series
- ▶ Detailed Test Analysis
- ▶ Test Series for NTSE, PRMO / IOQM & onwards, IJSO and other Olympiads.
- ▶ Personalized performance Dashboard

## NEEV PROGRAM

# 4 Year Course

### FOUNDATION

IITJEE / NEET 2025

This course aims at building sound foundation for fundamental concepts in Mathematics & Science. The course offers a win-win proposition to the student with the student getting help for school preparation, NTSE, Olympiads plus developing the right skill set to tackle competitive exams like JEE, NEET etc. later in the journey.

**CLASS SCHEDULE:** 3 days & 12 hours/week, Total 480 hours of classroom teaching in 1st & 2nd year and varies from third year onwards depending on the stream(JEE/NEET)

### STUDY CONTENT

#### Complete Study Material (2 Modules per subject)

Modules for Science (Physics Chemistry & Biology), Maths, S.Studies and MAT

VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics.

The study material covers every aspect of each topic and is completely self-sufficient.

### KEY FEATURES

- ▶ Building the foundation in core concepts and fundamentals in Science and Math
- ▶ Developing the analytical and reasoning ability of the students  
Specialized focus and classes will be conducted for exams like **NTSE & various Olympiads**
- ▶ Class Tests are conducted regularly in the class to assess the understanding of the topics by the students.  
Many of these would be in the form of Surprise Quizzes, so that students are forced to be regular in their preparation.
- ▶ The Test Series, held at regular intervals, simulate the pattern and timing of the actual competitive exams and are held at multiple Test Centres providing a real Exam-like experience to the students.

### PRACTICE

- ▶ 6 - Review Tests
- ▶ All India test Series
- ▶ Detailed Test Analysis
- ▶ Test Series for NTSE, PRMO / IOQM & onwards, IJSO and other Olympiads.
- ▶ Personalized performance Dashboard

## Additional Advantage to 3 year , 4 year course students - **NTSE** (National Talent Search Examination) **Preparation**

---

### ABOUT NTSE

The National Talent Search Examination (NTSE) is a National Level scholarship program in India for class X students. It is one of the oldest and most prestigious scholarship exam. It was started in 1963 to identify and honour talented students by awarding them monthly scholarships. The scholarship is given to students for pursuing courses in sciences and social sciences up to doctoral level and in professional courses like medicine and engineering up to second-degree level subject to the fulfillment of the conditions.

### NTSE IS CONDUCTED IN TWO STAGES;

**Stage I** - Selection is done by States/UTs through the written examination and students who qualify Stage - I are eligible to appear for Stage - II

**Stage II** - This Examination is conducted by NCERT. The examination consist of Mental Ability Test (MAT) and Scholastic Ability Test (SAT) - same as Stage - I.

Paper	Test	No. of Questions	No. of Marks	Duration (in minutes)
Paper-I	Mental Ability Test (MAT)	100	100	120
Paper-II	Scholastic Aptitude Test (SAT)	100	100	120

*\* If there is any change in pattern for Stage-II examination then the same will be communicated later on through NCERT website [www.ncert.nic.in](http://www.ncert.nic.in). Candidates are advised to keep track of updates on NCERT website.*

There will be no negative marking in Stage-II examination.

### SCHOLARSHIPS

About one thousand scholarships are awarded for different stages of education as follows:

- (a) Scholarship of Rs.1250/- per month for Class-XI to XII.
- (b) Scholarship of Rs.2000/- per month for Undergraduates and Post-graduates.
- (c) Amount of Scholarship for Ph.D. is fixed in accordance with the UGC norms.

### ELIGIBILITY

All students of Class X studying in recognized schools are eligible to appear for the Stage-I examination, conducted by the States/UTs, in which the schools are located. There will be no domicile restriction.

Students registered under Open Distance Learning (ODL) will also be eligible for scholarship, provided the student is below the age of 18 years (as on 1st July of the particular year), the student is not employed and s/he is appearing in class X examination for the first time.

### **HOW VMC WILL HELP?**

- ▶ VMC will provide the classes for Social Science, Biology & MAT
- ▶ Test Series (online/offline)
- ▶ Comprehensive result analysis

## PRODIGY PROGRAM

# Pre-Foundation

## Course

For **Class 6<sup>th</sup>, 7<sup>th</sup> & 8<sup>th</sup>** Students

Pre-Foundation Course to excel in Junior Olympiads and develop better temperament to excel NTSE, KVPY & further JEE/NEET.

VMC prodigy gives the students the best resources to prepare for CBSE, Junior Olympiads, Concept & Aptitude building. Imbibing the spirit of competitiveness from an early age. Introduction to CODING(as per New Education Policy) which empowers students' technical knowledge, improves problem solving/ability to build, increase focus and concentration.

Starting the preparation early also Avoid stress and anxiety at later stage.

**CLASS SCHEDULE:** 2 Live Online Classes – 6 to 8 Hours per Week.

### STUDY CONTENT

#### Complete Study Material – Digital Copy for each subject

Modules for Science (Physics Chemistry & Biology), Mathematics, Coding, MAT.

VMC provides its students with a set of study material that has been scientifically prepared to ensure comprehension of even the most difficult topics. The study material covers every aspect of each topic and is completely self-sufficient.

### KEY FEATURES

- ▶ LIVE classes from the best teachers in India, who understand young Minds and have ability to develop same
- ▶ Updated Course Structure as per new Curriculum including MAT
- ▶ All Major subjects covered - Math, Science (Physics, Chemistry and Biology)
- ▶ Quiz Conduction at the end of Class for revision
- ▶ Enhance Logical reasoning and creativity
- ▶ Specialized Mentors for CODING CLASSES
- ▶ Personalized performance analysis
- ▶ Access to free resources and scientifically researched study material

### PRACTICE

- ▶ Assignments after every class
- ▶ Monthly Online Tests
- ▶ Personalized performance Dashboard
- ▶ **For Class 6<sup>th</sup>** - Mock Tests based on Junior Olympiads (NSO, IOQM, NMTC etc.) at regular intervals
- ▶ **For Class 7<sup>th</sup> & 8<sup>th</sup>** - Mock Tests based on Junior Olympiads (IJSO, NSO, IOQM, NMTC etc.) at regular intervals

# Admission cum Scholarship Tests (VIQ, NAT, iSAT)

Vidyamandir Classes since its inception in 1986 believes in imparting the best in class quality education to its students without any compromise on the needs for a great Rank in IITJEE, NEET & other Engineering Entrance Exams. VMC was one of the first IITJEE institute to introduce an Admission cum Scholarship test for selecting students, not only for its IITJEE programs, but eventually for NEET preparation courses as well.

The Admission cum Scholarship tests are conducted several times during the year, typically in the months of October, December/January, April and June for various courses being run in Vidyamandir Classes. Basis the Grade or Class of the student, the syllabus varies but the primary focus of the test remains to judge the analytical ability of the student.

Following this till date, Vidyamandir Classes primarily selects students for its various engineering and medical programs on the basis of their performance in the Admission cum Scholarship test. Basis the performance in the test, deserving students are also offered concession in fee.

The list of various VMC centres in India is available at the last pages of this brochure. You can also visit **LOCATE A CENTER NEAR YOU** section on the website for more details.

“

You can check out Admission cum Scholarship Test syllabus, mode of registration, scheme of examination and other details in the handouts provided with this brochure or by visiting [www.vidyamandir.com](http://www.vidyamandir.com)

## REGISTRATION

Registration for the Admission cum Scholarship test can be done either by going to [www.vidyamandir.com](http://www.vidyamandir.com) and paying online or by visiting any VMC centre.

Please note you can visit any VMC centre for registration for any test being conducted by VMC. Once you register for the Admission cum Scholarship Test, you will receive your Admit card through Email & details would be sent through SMS as well.

You can also download the Sample papers by visiting [www.vidyamandir.com](http://www.vidyamandir.com).

## PLEASE MAKE SURE TO REMEMBER THE FOLLOWING

- ▶ Your need to paste your Passport size Photograph on the Admit card before coming to the Exam centre
- ▶ Please report at least 30 mins before the Exam
- ▶ Please make sure to bring Pens, Pencils, Eraser, Sharpener and other relevant items to the Exam centre
- ▶ Result declaration dates are mentioned in the separate handout provided with this brochure
- ▶ On your Result declaration date, please download the Result letter from the relevant link on the website, [www.vidyamandir.com](http://www.vidyamandir.com)
- ▶ Please come on the dates mentioned in your Result letter to your nearest VMC center for taking admission
- ▶ Please remember to bring your Admit card of the National Admission test, along with other things required for enrollment. Details of Fees and everything required for your admission in VMC will be mentioned in the Result letter.

## PLEASE NOTE

In addition to the National Admission tests, some VMC centres might conduct additional Admission tests for admitting students to VMC. Details of such tests can be obtained from the concerned VMC center and by visiting the respective VMC center's page on [www.vidyamandir.com](http://www.vidyamandir.com)
